for Head and Neck

type of fellowship rotates, eg ENT 2006, Neuro 2007, ENT 2008
Fellowship in Dunedin is more general ENT with attachments to H & N over the course of the year

Fellowship Positions for Head and Neck

This is a training post in Craniomaxillofacial reconstruction in both children and adults. It does encompass some very specialised microvascular surgery as well. There is also a small amount of paediatric base of skull tumour surgery involved.
